

Application No. 09/994,458
Supplemental Amendment Dated 5/6/05
Reply to Office Action of 2/10/05

REMARKS

This Amendment is submitted in response to the telephonic interview conducted with Examiner on May 5, 2005 and supplements Applicants' After Final Amendment mailed on April 11, 2005. As discussed during the interview, Applicants have amended independent claim 26 to recite that the base wall has a concave well with a nadir as presently recited in independent claim 15.

Applicants have filed on even date herewith a Record of Telephonic Interview and Request for Withdrawal of Finality of Office Action. For the reasons fully set forth in that submission, Applicants submit that the amendment to independent claim 26 herein does not raise new issues which would require further consideration by Examiner since the recited feature of the concave well is recited in independent claim 15 and was considered by Examiner during the prior examination.

Conclusion

In view of the foregoing response including the amendments and remarks, this application is submitted to be in complete condition for allowance and early notice to this affect is earnestly solicited. If there is any issue that remains which may be resolved by telephone conference, the Examiner is invited to contact the undersigned in order to resolve the same and expedite the allowance of this application.
